

Wireless On-Demand Button Kit for NRCR Series

Want to offer instant hot water with the press of a button? We've got you covered. The latest additions to the NRCR accessory line-up include a wireless on-demand button kit, an optional motion sensor, and an extra wireless transmitter. The featured products are compatible with our Title 24 compliant NRCR models, and allow full utilization of the on-demand recirculation system. Endless hot water just got easier.
